

Nice

14 juillet 2016

The members of the board and all the staff of the Nice Convention and Visitors Bureau extend their deepest sympathy to the victims and their families after the dreadful tragedy which struck the city on this 14th July, and assure all those present in Nice, locals, residents or tourists of their total support.

The NCVB team, and in particular the staff in our information offices are at the disposal of all those, in particular non French-speaking visitors, who need assistance or information to support them and put them in touch with the appropriate services.

This barbaric act has touched us all and left us stunned. Incomprehension, grief and unity are the feelings shared by all the people in Nice.

The board of the Nice Convention and Visitors Bureau expresses its gratitude for all the spontaneous actions of solidarity carried out by different members of the tourism industry: hotel, restaurant and beach staff, taxi drivers but also all the Niçois people who provided assistance to victims of this unspeakable act.

The time is now for respect and three days of national mourning.
